

MEDICAL CENTRE/ MAJDAHONDA

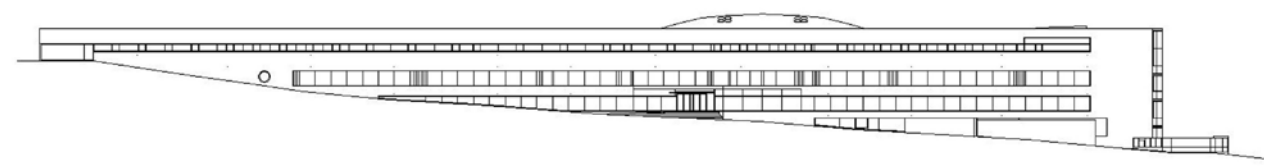

SECCION TRANSVERSAL/ CROSS SECTION

LA ORGANIZACIÓN DEL PROYECTO ES DE EXTREMA SENCILLEZ. LA FLEXIBILIDAD DEL MISMO HA SIDO UN OBJETIVO PRIORITARIO DEL DISEÑO QUE HA PERSEGUIDO LIBERAR EL ESPACIO GENERAL DE SERVIDUMBRES ESTRUCTURALES Y CONECTAR LOS ELEMENTOS DE SERVICIO EN NODOS DEL SISTEMA QUE NUNCA IMPIDAN LA REORGANIZACION DEL CENTRO

THE PROJECT ORGANIZATION IS EXTREMELY EASY. ITS FLEXIBILITY HAS BEEN A PRIORITY OBJECTIVE IN THE DESIGN, WHICH HAS TRIED TO GET AN SPACE FREE OF SERVER STRUCTURAL SPACES, AND CONNECT THE SERVER ELEMENTS IN A MAIN SYSTEM WHICH NEVER IMPEDE THE CENTRE ORGANIZATION.

ALZADO POSTERIOR/ ELEVATION

ALZADO FRONTAL/ FRONTAL ELEVATION
